

# Matching Grant Program

USCCB/Migration and Refugee Services

# Matching Grant Services

The following MG services are to be provided throughout the 240-day MG service period as necessary.

## Provided in-house

## Provided in-house or through referral

### Case Management

Ensure all program requirements are met and clients receive services as outlined in their Self-Sufficiency Plans.

### English Language Training

Enroll all clients in English Language Training at an appropriate competency level. The only exception is for clients who are fully proficient in English.

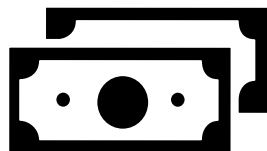

### Employment Services

Provide services to help clients become economically self-sufficient, including job readiness trainings, job placements, post-placement assistance, and referrals for job upgrades.

### Employment Training and Recertification

Refer clients to short-term job training courses, customized skills training, or job recertification courses.

**Maintenance Assistance:** Rent, utilities, food, and transportation until case is self-sufficient.

**Cash Allowance:** Provided until day 180 or the case is self-sufficient, whichever is sooner.

### Health and Medical Services

Ensure clients have access to and receive health and medical services.

### Local Administration

Program oversight and administration to ensure services are delivered in accordance with program requirements, employment and program outcomes are achieved, and fiscal requirements are met.

### Social Adjustment Services

Refer clients to social adjustment services, such as behavioral health counseling, support groups, and interpretation, as needed.

### Support Services

Assist clients in obtaining additional support services that remove barriers to self-sufficiency, including childcare. Barriers should be listed in clients' Self-Sufficiency Plans.
